

Make a Will Week: 16-22 October 2017

Making a Will ensures that your family's future is secure and that your wishes will be followed through. However, just over a third of people in the UK currently have a Will and of those who do, half have never updated it...

The aim of our first ever **Make a Will Week** is to help you make or update your Will while supporting Manchester Mind. For one week, WTB Solicitors will waive their fees if you include Manchester Mind in your Will (for non-charity wills, they will ask for £100-£150 donation, which comes directly to us).

Each year we support 4000 young people and adults with mental health issues. Our services are provided free of charge, but **we receive no core funding from Mind**. Around 9% of our income is generated by donations, which help us continue helping people across the city.

No matter how large or small your gift, it will make a real and lasting difference to people's lives. There are various ways you can remember Manchester Mind in your Will:

- Residuary Gift: a percentage of your estate, i.e. 1% to charity
- Pecuniary Gift: A fixed gift of money, i.e. £1,000 to charity
- A Specific Gift: Anything from furniture, painting or piece of jewellery

Interested to support us in this way?

To find out more about this initiative, please call **WTB Solicitors** (Sadia Rahman or Edward Freeman: 0161 318 0506) anytime 16-22 October and mention Manchester Mind's 'Make a Will Week.'

If you wish to discuss your thoughts before 16 October, please contact Joanna Huddart: 0161 7695732 / joanna.huddart@manchestermind.org

Thank you for your support
